

Weekly Report for Final Year Project AI & DS

MEETING 9: Wednesday, 23 April, 2025

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - LLM Based Mental Health Assistance
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Presented the Completed Draft thesis to the supervisor. Provided detailed feedback on areas to improve.
Description of progress this week	Worked on the thesis.
Plan for next week	Refine the thesis and apply all the feedback and suggestions of the supervisor and make the Final Submission
Date of report	Wednesday, April 24, 2025

MEETING 8: Monday, 4 April, 2025

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Presented the Draft thesis to the supervisor. Provided detailed feedback on areas to improve.
Description of progress this week	Worked on the thesis.
Plan for next week	Refine the thesis and apply all the feedback and suggestions of the supervisor.
Date of report	Wednesday, March 26, 2025

MEETING 8: Monday, March 26, 2025

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Interim Presentation: - Provided detailed instruction on presentation and presentation slides and how to present the demo.
Description of progress this week	Worked on the presentation and thesis.
Plan for next week	Refine the presentation and work on the thesis.
Date of report	Wednesday, March 26, 2025

MEETING 7: Monday, March 17, 2025

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Provided detailed feedback upon presentng the working prototype of the app. - Create various interations of the model and check the outputs - complete the mental health test - dataset validation - benchmarking model
Description of progress this week	Work on model evaluation and experimenting with different model training parameters to identify the best model.
Plan for next week	Work on model finetuning and experiment on different training parameters.
Date of report	Monday, Jan 6, 2025

MEETING 6: Monday, Jan 6, 2025

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Provided detailed feedback for the research paper and tips on submission to conferences.
Description of progress this week	Completed the research on preliminary findings of the research and worked on the prototype.
Plan for next week	Start working on the prototype.
Date of report	Monday, Jan 6, 2025

MEETING 5: Tuesday, Oct 29, 2024

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Provided detailed feedback for the final draft of the LR.
Description of progress this week	The LR was completed and submitted for feedback to supervisor.
Plan for next week	Start working on the prototype. Start writing the research paper.
Date of report	Tuesday, Oct 29, 2024

MEETING 4: Monday, Sep 23, 2024

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Had a quick call with the supervisor where the supervisor suggested some more corrections to the Final project proposal before the submission.
Description of progress this week	The project proposal was completed and submitted before the deadline.
Plan for next week	Do more literature review and identify the key technologies required to implement the project.
Date of report	Monday, Sep 23, 2024

MEETING 3: Wednesday Sep 18, 2024

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	Wednesday Sep 18, 2024
Meeting with the supervisor	Yes Presented the project proposal to the supervisor. The supervisor provided feedback to improve the proposal and identified some errors in the research questions and suggested improvements.
Description of progress this week	- Identified more similar research publications - compiled the project proposal. - Identified research questions and objectives.
Plan for next week	- Make all the suggested changes to the project proposal and submit it to the moodle before deadline. - Identity the key technologies needed to implement the project.
Date of report	Wednesday Sep 18, 2024

MEETING 2: Tuesday Aug 13, 2024

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	Tuesday Aug 13, 2024
Meeting with the supervisor	Yes Presented the findings from the literature reviews and research of similar apps in the market. The supervisor provided feedback on how to improve the uniqueness of the project and provided suggestions based on the findings. Provided suggestions and instructions for project proposal.
Description of progress this week	Identified and summarised research publications that are similar to the proposed project and identified key technologies used in those projects and their results. Identified popular apps in the domain that are popular and successful and identified features that we can improve on.
Plan for next week	Start working on the project proposal. Identify the research gap. Identify research questions.

MEETING 1: Friday Jul 5, 2024

Student RUG ID:	2122107
Student IIT ID:	20210667
Student name	M J M Rikzy
Course	BSc Artificial Intelligence and Data Science
Module	CM4605 - Individual Research
Project Topic	Mirror AI - Voce Assisted AI Mental Health Companion
Week commencing on dd / mmm / yyyy	
Meeting with the supervisor	Yes Discussed the research gap including both technical and domain related aspects that are identified and the novelty of the proposed application.
Description of progress this week	This is the first meeting. Discussed the suitability of the project idea and suggestions to refine the idea.
Plan for next week	- Literature review - Research similar application find areas that can be improved to increase the uniqueness of the proposed project.
Date of report	Friday Jul 5, 2024
